

IN THE CLAIMS:

Please amend claims 1, 2, 10, 18, 19, 21, 22, 23, and 25 as shown below.

Please cancel claims 6, 20 and 24.

Please add claims 27-29.

B¹

1. (Twice Amended) A packaging film comprising:
at least two layers, wherein each layer comprises polyvinyl chloride and plasticizer, and
wherein the at least two polyvinyl chloride layers are adjacent to one another.

2. (Twice amended) The film of claim 1, wherein each layer further comprises a surface active agent.

B²

10. (Twice amended) The film of claim 1, wherein at least one of the layers further comprises a copolymer.

B³

18. (Once Amended) A packaging film comprising:
at least two layers, wherein each layer comprises polyvinyl chloride and plasticizer,
wherein the at least two layers are adjacent to one another, and
wherein the film has a total thickness of up to 2 mil.

19. (Once Amended) The film of claim 18, wherein at least one of the layers further comprises a surface active agent.

21. (Once Amended) The film of claim 18, wherein at least one of the layers further comprises a copolymer.

22. (Once Amended) A packaging film comprising:

at least two layers, wherein each layer comprises polyvinyl chloride and plasticizer,

wherein the at least two layers are adjacent to one another; and

wherein the at least two layers are sufficiently distinct from each other to have different melting points.

B4
²³
~~19~~. (Twice Amended) The film of claim 22, wherein at least one of the layers further comprises a surface active agent.

²⁵
~~21~~. (Once Amended) The film of claim 22, wherein at least one of the layers further comprises a copolymer.

27. (New) The film of claim 1, wherein the film has a thickness no more than about 1 mil.

B5
28. (New) The film of claim 1 wherein the at least two layers are sufficiently distinct from each other to have different gas permeabilities.

29. (New) the film of claim 18 wherein the at least two layers are sufficiently distinct from each other to have different gas permeabilities.
